In athletics there is an ideal which must be made manifest through competition in order that athletics be important to the college community.

One way athletics becomes important is as a result of active coaching. Coaching is an art to which there is no equal. In order to be a good coach, one has to, at times, be a father, brother, friend, and teacher. So it is that LOUIS VESELY carried with him the highest ideal and character of a coach. For this reason we dedicate the 1967 McKendrean to one who also was dedicated.

Who's Who

Who's Who

Each year certain students meeting certain requirements are nominated for the **Who's Who Among Students in American Colleges and Universities.** This is to explain how these students, on our campus, become part of this publication.

Senior students who meet the criteria for nomination are screened by the Registrar and the faculty. A student advisory ballot is taken and the Faculty Committee on Student Life makes the final decision.

The qualities considered in prospective nominees are those suggested by the editors of **Who's Who Among Student in American Colleges and Universities:** the student's excellence and sincerity in scholarship; his leadership and participation in extracurricular and academic activities; his citizenship and service to the school; and his promise of future usefulness to business and society.

As I was searching for something to say, that has not been said before, I found it to be almost impossible. So I will not leave you with a philosophy of life, on how or where we are going after our college life. But rather, I want to express to each and everyone of you how truly thankful I am for the opportunity of knowing you. The greatness of man is a thing to behold and I am only happy that I have had the opportunity to be a part of this greatness.

May each of you live life to its fullest.

Carl A. Pagler

I expect to pass through this world but once. Any good therefore that I can do, or any kindness that I can show to any fellow creature, let me do it now. Let me not defer or neglect it, for I shall not pass this way again.
